EVERYTHING YOU LOOK AT
CAN BECOME A FAIRY TALE.

› HANS CHRISTIAN ANDERSEN

Once upon a time there was a little girl who found herself in the midst of a wood surrounded by well-dressed, friendly animals on their way to a catwalk. They came to a clearing and what a colourful scene lay before them! There was a fancy dress box spilling over with fabulous, fluorescent orange outfits, diamond top hats and checked skirts, denim-blue linens, voluminous blouses with tulle frills and soft, comfy garments in bold prints. A wolf was snapping pictures and in the centre stage a magnificent deer dressed in stunning layers of floaty fabrics strutted down the podium to a spellbound audience.

We are proud to present the Twisted Tales collection, a place where magic and reality exist side by side, where fact and fiction cohabit. Inspired by Alice in Wonderland, Mary Poppins, Tim Burton, The Little Prince, by all our favourite fairy characters, tales and films, our SS 20 collection pays homage to all the little ones who dare to dream. Once again we invite them to experiment with our garments, to mix and match and layer, to dress up for all the exciting adventures that lie ahead, because you never know what lies beyond the wardrobe...

Our Twisted Tales are
full of woodland animals
with a story to tell.

This is the owl
in a billowing skirt. She'll tell
you a story full of wise words.

This is the deer
in a stunning, layered outfit.
She'll give you a swagger if
you give her a clap.

This is Ona
the dreamer. She dresses
up and dares to be herself.

This is the rabbit
dressed to the nines. He'll come
to the party but he might be late.

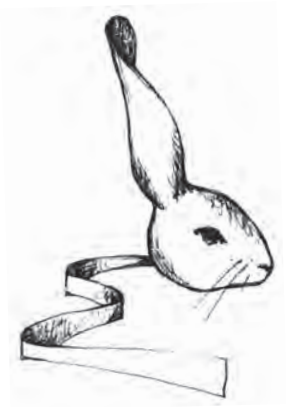

105131

This is the wolf
all fine and dandy. He'll snap
a picture of you if you pose.

This is the badger
in baggy checked pants.
He loves a good catwalk.
